Dear Valued Kencove Customer,

Upon the opening of the Kencove Post Mill in Eastman, Georgia, Kencove has established a link (nexus) with the state of Georgia, effective July 1, 2015.

The Georgia Agriculture Tax Exemption (GATE) program, created by Georgia HB386, offers qualified agriculture producers a sales tax exemption on agricultural equipment and production inputs.

Qualified agricultural producers will be required to forward a copy of their tax exemption certificate in order to purchase specified products without being charged sales tax on those items.

Qualified agricultural producers must submit their new tax exemption certificate to their retailer in order to receive a sales tax exemption on agriculture equipment and production inputs.

Applications for the exemption certificate may be completed electronically online at <https://forms.agr.georgia.gov/GATE/> or submitted by mail to the Georgia Department of Agriculture. Applications may also be available at your local county Farm Bureau office.

See the attached document for a list of exempt and non-exempt agricultural products.

Kencove must charge sales tax until we receive your certificate. You can mail, email, or fax your certificate using the information on this letterhead.

Sincerely,

A handwritten signature in black ink that reads "JoAnn R. Pauncic".
